## Cosyfeet slippers are designed to fit swollen, bandaged or misshapen feet.

They are ideal for those who can't get into ordinary footwear, offering them a comfortable, secure fit and so reducing their risk of falls. Cosyfeet is the market leader in Extra Roomy footwear. They're a family-owned business with 25 years experience and are trusted and respected for their quality products and service. Cosyfeet footwear is recommended by over 9,000 health professionals.

Most customers find that if they order their normal shoe size, a Cosyfeet slipper will provide the extra room they need. If a half size is normally taken, we would suggest you order the smaller full size.

## What are the benefits of Cosyfeet slippers?

- They offer a solution for those who can't fit into ordinary footwear because feet are swollen, bandaged or misshapen
- Supportive with a closed back which can play an essential part in fall prevention
- Fasten securely with a Velcro strap and can be easily adjusted if feet tend to swell during the day
- Machine washable at 40°C
- Flexible rubber soles mean they can be worn outside so it's not always necessary to change into outdoor shoes
